

# Private Colleges, Universities, and Seminaries

Private colleges, universities, and theological seminaries are included in this section. Private schools are privately owned and operated and, in addition to tuition and fees charged to students, receive a major portion of their funding from private donations.

All of the private colleges and universities offer a bachelor's degree, while some offer a certificate, associate, master's, and/or doctoral degree program.

Theological seminaries are private graduate schools that offer specialized programs of religious study to prepare students for the ministry. The programs are two to five years long and lead to a master's or doctoral degree.
